Junior Rails Developer

Hello,

Junior fullstack developer with hands-on experience at Simundia, I have built solid expertise in the ***Ruby on Rails*** ecosystem, contributing to projects spanning ***backend, frontend, and AI integration***. I am looking for ***a permanent position (CDI)*** to keep growing within a committed technical team.

Start date for a contract : from July 2026
Location : Île-de-France

Gwenaëlle Bussac
